## **Councilmember Sherman Opens Multi-Use Pedestrian & Bicycle Pathway in Mission Valley**

*\$1.8 Million Project Promotes  
a More Bike and Pedestrian Friendly Community*

**Mission Valley** – Councilmember Scott Sherman along with Mayor Faulconer and Lorie Zapf held a ribbon-cutting ceremony to open the San Diego multi-use bicycle and pedestrian pathway project in Mission Valley, in Councilmember Sherman’s district. The project will invest \$1.8 million into the community.

“This pathway gets us one step closer to fulfilling the vision of a continuous pathway from the ocean to the mountains and helps fulfill the Mayor’s promise of reinvesting more money into San Diego communities,” said Sherman.

Representatives from the San Diego River Park Foundation, the San Diego River Park Coalition, The San Diego County Bicycle Coalition, the San Diego River Conservancy, the Mission Valley Planning Group, CALTRANS and local Mission Valley residents all took part in the ribbon cutting event.
